#### Segmental Review and Outlook

#### General

The increase in revenue by Rs1,144M for the year ended 31 December 2023 compared to last year is attributable to increased activities across all the business segments of the Group.

The Group's operating profit for the year ended 31 December 2023 stood at R323M (Dec 2022: Rs347M). The Group's operating profit margin was lower compared to last year due higher prices of raw materials and price control in the Building Materials segment.

This resulted in an 8% decrease in profit for the year ended 31 December 2023 to Rs443M (Dec 2022: Rs481M). Consequently, EPS decreased by 7% to Rs2.84 for the year ended 31 December 2023 (Dec 2022: Rs3.10).

In February 2024, the Group acquired an industrial cement business in Madagascar together with its strategic cement partner. The acquisition is in line with the Group's strategy to expand geographically and to strengthen its position as a key cement industry player in the region.

### **Building Materials Segment**

The cement price control introduced in February 2023 continues to negatively affect the results of this segment and the cement industry in Mauritius. The management team is engaged with the authorities and its advisors to find acceptable solutions to remedy the situation. Our Malagasy subsidiary was severely impacted by difficult market trading conditions during the year. The segment nonetheless reported an operating profit of Rs85M for the year, down from Rs92M last year.

### **Contracting Segment**

Although revenue for the segment increased by 62% to Rs2,615M, the operating profit decreased by Rs12M to Rs64M compared to last year due to competition in the market which is driving margins down.

### Lottery Segment

The Lottery segment performed slightly better than the corresponding prior year due to the redesign of the Loto Vert game. A new game 'Loto+' was introduced on 19 October 2023 to enhance user experience.

### **Property Segment**

The companies in this segment hold assets that are classified as Investment Properties (Non-current Assets) in the Statement of Financial Position. The operating profit for the current year is attributable mainly to rental income from its office building in Ebène which commenced a new 7-year lease in March 2023 and bringing occupancy at 100%.

### Associates and Joint Ventures

Morning Light Co. Ltd, an associate entity engaged in the hospitality sector, reported a loss for the year ended 31 December 2023 as the company's Hilton hotel closed on 15 April 2023 for a major renovation.
